

The Thorpe Colt

The **Thorpe Colt** is designed primarily for the day eventer who requires the capability for the occasional overnight stay. With its price and specification it offers the opportunity to own a new horsebox without paying for features surplus to your requirements. Available in 2-6 stall variants (4-6 stall in HGV only).

Standard items include:-

- **Horse Area**

Composite flooring with rubber overlay, galvanised adjustable padded partition, barred windows with safety glass, steel framed divider wall, rubber lined kickboards on walls, fully sealed for easy clean, rubber covered ramp with hardwood treads.

- **Living Area**

Carpeted walls, large cab access, engine access panelwork, hob/grill, sink, maple cabinetry, upholstered seating area with under-seat storage, laminate effect flooring.

- **External**

Fully coachbuilt appearance finished in a colour scheme of your choice. Fitted with full skirts and deluxe fold-down steps into living compartment along with access lockers for batteries and gas. Rear ramp which is spring balanced using computer aided design.

*As well as the standard features found on the **Thorpe Colt** it can also be tailored to meet your needs from our wide range of extras.*

The Thorpe Prospect

The **Thorpe Prospect** through innovative design has allowed a feature packed horsebox to be available with an incredibly short overall length, whilst still having the capability of carrying 2 large horses in comfort. Its ease of manoeuvrability and the added benefit of a compact living area have made it popular with both those moving up from a trailer or those downsizing to a smaller horsebox. Available in 2 stall variant.

Standard items include:-

- **Horse Area**

Composite flooring with rubber overlay, galvanised adjustable padded partition, barred windows with safety glass, steel framed divider wall, rubber lined kickboards on walls, fully sealed for easy clean, rubber covered ramp with hardwood treads.

- **Living Area**

Carpeted walls, large cab access, hob/grill, sink, maple cabinetry, wardrobe, upholstered seating area with under-seat storage, laminate effect flooring.

- **External**

Fully coachbuilt appearance finished in a colour scheme of your choice. Fitted with large external Saddle locker and full skirts with deluxe fold-down steps into living compartment along with access locker for gas. Rear ramp which is spring balanced using computer aided design.

*As well as the standard features found on the **Thorpe Prospect** it can also be tailored to meet your needs from our wide range of extras.*

The Thorpe Eventer

The **Thorpe Eventer** is the horsebox designed for the owner wishing for all the features found in a large box but with the manoeuvrability of a much smaller one. Its features, such as the privacy room and external saddle locker, are based upon those found in the larger "All-rounder" model but the overall length makes it easier to drive. Designed for those with smaller travelling parties than the "All-rounder" but still with the capability of providing a comfortable overnight stay. Available in 2-6 stall variants (4-6 stall in HGV only).

Standard items include:-

- **Horse Area**

Composite flooring with rubber overlay, galvanised adjustable padded partition, barred windows with safety glass, steel framed divider wall, rubber lined kickboards on all walls, fully sealed for easy clean, rubber covered ramp with hardwood treads.

- **Living Area**

Carpeted walls, large cab access, engine access panelwork, hob/grill, sink, maple cabinetry, full height wardrobe, seating area with under-seat storage, laminate effect flooring and privacy room.

- **External**

Fully coachbuilt appearance finished in a colour scheme of your choice. Fitted with large external Saddle locker and full skirts with deluxe fold-down steps into living compartment along with access locker for batteries and gas. Rear ramp which is spring balanced using computer aided design.

*As well as the standard features found on the **Thorpe Eventer** it can also be tailored to meet your needs from our wide range of extras.*

The Thorpe All Rounder

The **Thorpe All-Rounder** has been designed to allow the owner greater options with regard to internal finish. It has a full size privacy room as standard allowing easy upgrade to a flush toilet and shower if needed. The extra large living area has also been designed with larger travelling parties in mind, whether they are staying overnight or just requiring extra room during day events.
Available in 2 – 6 stall (4 – 6 stall in HGV only)

Standard items include:-

- **Horse Area**

Composite flooring with rubber overlay, galvanised adjustable padded partitions, barred windows with safety glass, steel framed divider wall, rubber lined kickboards on walls, fully sealed for easy clean, rubber covered ramp with hardwood treads.

- **Living Area**

Privacy room, upholstered seating, full height wardrobe, carpeted walls, large cab access, engine access panelwork, hob/grill, sink, maple cabinetry, seating area with under-seat storage, laminate effect flooring.

- **External**

Fully coachbuilt appearance finished in a colour scheme of your choice. Fitted with large external Saddle locker and full skirts with deluxe fold-down steps in to living compartment along with access lockers for batteries and gas. Rear ramp which is spring balanced using computer aided design.

*As well as the standard features found on the **Thorpe All Rounder** it can also be tailored to meet your needs from our wide range of extras.*

The Thorpe Thoroughbred

The **Thorpe Thoroughbred** is the flagship of our range and with its stylish bodylines and open-plan living it epitomises luxury and class. With a vast array of features as standard and a design that allows it to be further complimented with the fitment of every conceivable extra, you can ensure that longer stays away are as comfortable as home. Available in 2 – 6 stall variants (4 – 6 stall HGV only)

Standard items include:-

- **Horse Area**

Composite flooring with rubber overlay, galvanised adjustable padded partition, barred windows with safety glass, steel framed divider wall, rubber lined kickboards on walls, fully sealed for easy clean, rubber covered ramp with hardwood treads.
